PROGRAM AT-A-GLANCE

Quality that opens you to possibility, with the flexibility that makes it all work. The Weekend Executive MBA program consists of a 19-month curriculum divided into 6 mandatory terms. On-campus residencies on alternating weekends—with two longer immersions for your first and final terms—connect you with faculty and classmates from a range of backgrounds, creating a network that goes far beyond the weekend. Each class is divided into 5- or 6-person learning teams that change mid-way through the program. You will also have the opportunity to participate in a Global Academic Travel Experience (GATE) course where you’ll gain hands-on experience traveling to a different part of the world to visit international businesses, meet corporate executives, and examine country-specific issues such as anti-trust laws, software piracy, and financial markets.

You will explore and enhance your leadership capabilities with an integrated set of courses designed by top researchers in the area of leadership, ethics, and organizations. By the end of the program, you’ll have the skills, frameworks, and context required to set a new leadership standard.

This term provides the opportunity to adapt your curriculum to support your personal goals. You will choose four elective courses from about 20 options.

**Expand your global network.**

All elective courses will be taken with students from the Cross Continent MBA program. The term begins with an extended 2-week residency and concludes with a distance learning period when you will continue with your coursework and team assignments. This immersion experience extends your network by connecting you with other professionals working around the world.

**SPECIALIZING**

This final term is optional but offers an exciting opportunity to earn a concentration or certificate by focusing on a particular area of interest through an independent project, such as building a new health assessment model for your CEO.

Concentrations:
- Marketing
- Finance
- Strategy
- Energy and the Environment
- Entrepreneurship and Innovation

Certificate:
- Health Sector Management

Courses and terms are subject to change.
