**NOTE: The established educational supplies and living expenses of this COA are results of an annual Duke University survey completed by Duke students receiving financial aid (i.e. student loans). The Financial Aid Office uses the survey results to establish a "student budget" and determine eligible borrowing amounts.**

\***Student Medical Insurance Plan** is required for all Fuqua MQM students and is charged during the fall semester. It can be waived if you have other health insurance coverage. Please contact our Financial Aid Office if your Duke-sponsored Student Medical Insurance Plan cost is different from this amount. We will adjust your COA accordingly. The actual cost of the Student Medical Insurance Plan is established in late spring each year. The University Bursar's Office provides additional information regarding student medical insurance with fall tuition statements.

\*\***Federal Loan Fees** are automatically added to the budget assuming the student is borrowing the Stafford and/or Graduate PLUS Loan. If a private/alternative loan is borrowed these fees will have to be reduced or removed.

\*\*\***The Student Loan Borrowing Limit** will be reduced by any other financial aid received (i.e. scholarships, sponsorships, other student loans). This cost of attendance will determine the total amount of your Financial Aid eligibility.

**Additional Considerations to Increase the Cost of Attendance**

Students must request these additional considerations in writing.

**Federal Student Loan Programs (i.e. Graduate PLUS Loan) may be used for the following increases:**

**One -Time Computer Increase** - Students must submit an invoice or quote for the price of the computer in order to receive this increase up to the \$2,000.

**Increase for Family Expense** - Requests for budget adjustments are considered on a case-by-case basis.

- **Dependent/Childcare Expense for Students who are:**

1) **Single Parents - Up to a \$12,298 allowance** may be factored for certified Dependent/Childcare expenses per child.

2) **Married and Spouse is working or in school - Up to a \$6,149 allowance** may be factored for certified Dependent/Childcare expenses per child.

**Note: Through federal student loan programs, we cannot consider the cost of childcare for a married student whose spouse is an at-home parent. However, if the student is borrowing a private student loan, then we may consider the cost of childcare when the spouse is an at-home parent.**

Please contact our office for details regarding the regulations and documentation required for a Dependent/Childcare allowance.

**Private Student Loan Programs ONLY may be used for the following increases:**

- **Duke Student Health Insurance Family Coverage:** This increase may be made to the cost of attendance when proof of coverage is presented to the Financial Aid Office.

Statements and explanations provided by the student for immediate family expenses do not constitute supporting documentation for budget adjustments.

Depending on the reason for the increase request, and in order for the Financial Aid Office to determine if an increase is allowable, students may be asked to submit additional supporting documents beyond those originally submitted. Per student's request and depending on special circumstances, we may consider an additional of living expense increase up to 60% of the standard living expense allocation (This is only considered for Fuqua students whose spouse is living with them during their studies at Fuqua, not employed and not a student).

**Non-Allowable Cost of Attendance Adjustments:** Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum.

**Please Note:** Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.
