Private Loans
- Federal Loan Fees**: 2,371
- Total: 2,371

Student Loan Borrowing Eligibility***: 57,413

Federal Loan Eligibility: 104,255

Non-Allowable Cost of Attendance Adjustments: Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum. Please Note: Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.

Additional Considerations to Increase the Cost of Attendance
- Please contact our Financial Aid Office for further information.

Federal Student Loan Programs (i.e. Graduate PLUS Loan) may be used for the following increases:
- One Time Computer Increase: Students must submit an invoice or quote for the price of the computer in order to receive this increase up to the $2,000.
- Summer Math Review Course: This fee ($355) can be added to the cost of attendance only after registration has been confirmed for the course.
- Study Abroad Expenses (i.e. Exchange, Gate, Fuqua Client Consulting Practicum): Students can apply for this increase once they have been approved for the trip. The student will need to submit a financial aid application and apply for the additional funding with their lender based on the budget of the trip.
- Increase for Family Expense: Requests for budget adjustments are considered on a case-by-case basis. We will adjust the COA accordingly. The actual cost of the Student Medical Insurance Plan is established in late spring each year. The University Bursar’s Office provides additional information regarding student medical insurance with full tuition statements.
- The Student Loan Borrowing Limit will be reduced by any other financial aid received (i.e., scholarships, sponsorships, other student loans).

Students may be able to claim child care expenses if the spouse is an at-home parent. However, if the student is borrowing a private student loan, then we may consider the cost of childcare when the spouse is an at-home parent.

Please contact our office for details regarding the regulations and documentation required for a Dependent/Childcare allowance.

Private Student Loan Programs (i.e. Short-Term) may be used for the following increases:
- One-time travel expense (i.e. airplane): During the academic year, usually during the winter break, students may return home. Per the student’s written request, we will consider a one-time cost of attendance increase for travel expenses for the student only, which increases the eligible borrowing amount.
- Airfare Expense: Students must submit a copy of their itinerary from any reputable online site (i.e., Expedia, Travelocity, Orbitz, etc.) showing the departure/arrival dates, destination of your home state (domestic students) or home country (international students) as indicated in DukeHub, and the estimated airfare (up to $1,000 cost for domestic flights and $3,000 for international flights). This cost of attendance will determine the total amount of your Financial Aid eligibility.
- The following expenses are non-allowable:
  - Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum. Please Note: Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.
