This increase may be made to the cost of attendance when proof of coverage is presented to the Financial Aid Office. We will only consider living expenses increase if the student has demonstrated need and is reasonably necessary.  The increase is limited to the amount the student was granted for living expenses, or, if less, the actual cost of the insurance.

Per the student’s written request, we will consider a one-time cost of attendance increase for travel expense (for the student only), which increases the eligible cost of attendance.

Non-Allowable Cost of Attendance Adjustments

- Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum.

*Please Note: Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.

**The Student Loan Borrowing Limit will be reduced by any other financial aid received (i.e. scholarship, Sponsorships, other student loans). This cost of attendance will determine the total amount of your Financial Aid eligibility.

**Depending on the lender, the International Student Loan borrowing eligibility allows students to borrow up to 100% of their cost of attendance, minus any other aid (i.e. scholarship, Sponsorships, other student loans), not to exceed the lender’s aggregate program maximum.

Additional Considerations to Increase the Cost of Attendance

- One-Time Computer Increase - Students must submit an invoice or quote for the price of the computer in order to receive this increase up to the $2,000.

- Business, Communication, & Culture (formerly the International Student Bootcamp or Language Institute-Culture & Language Immersion) - Per student's request, we will increase the COA by the $500 charge.

Increase for Family Expense - Requests for budget adjustments are considered on a case-by-case basis.

- Dependent/Childcare Expense for Students who are:
  1) Single with child(ren) - Up to a $6,463 allowance may be factored for certified Dependent/Childcare expenses per child.
  2) Married with child(ren) - Up to a $6,463 allowance may be factored for certified Dependent/Childcare expenses per child.

- Duke Student Health Insurance Family Coverage: This increase may be made to the cost of attendance when proof of coverage is presented to the Financial Aid Office.

  Statements and explanations provided by the student for immediate family expenses do not constitute supporting documentation for budget adjustments. Depending on the reason for the increase request, and in order for the Financial Aid Office to determine if an increase is allowable, students may be asked to submit additional supporting documentation beyond those originally submitted. Per student’s request and depending on special circumstances, we may consider an additional family expense increase up to 60% of the standard living expense allocation.

  **This is only considered for Fuqua students whose spouse is living with them during their studies at Fuqua, not employed and not a student.**

- One-time travel expense (i.e. airfare):

  During the academic year, usually during the winter break, students may return home. Per the student’s written request, we will consider a one-time cost of attendance increase for travel expense (for the student only), which increases the eligible borrowing amount.

- Airfare Expense: Students must submit a copy of their itinerary from any reputable online site (i.e. Expedia, Travelocity, Orbitz, etc.) showing the departure/arrival dates, destination in your home state (domestic students) or home country (international students) as indicated in Dukehub, and the estimated airfare. We will only consider airfare expenses.

Note: The established educational supplies and living expenses of this COA are results of a triennial Duke University survey completed by Duke students receiving financial aid (i.e. student loans). The Financial Aid Office uses the survey results to establish a "student budget" and determine eligible borrowing amounts.
