</tr>
</tbody>
</table>

Total Program Charges $152,500
*Incl. Transcript Fee $120
Total Cost $152,620

International Students - The Fuqua School of Business offers both cosigner and no-cosigner international student loan opportunities. For more information about the cosigner and no-cosigner loan options, please access Duke University’s Recommended Lenders link:

- **Cosigner Options:** Loans with a U.S. cosigner typically offer a lower interest rate. The U.S. cosigner must be a creditworthy citizen or permanent resident. Keep in mind that for some lenders, a student must have a social security number in addition to having a cosigner. Students may borrow up to 100 percent of program cost minus other aid.

- **No-Cosigner Options:** Depending on the lender, international students using a no-cosigner loan option may borrow up to 100 percent of program cost minus other aid, i.e. scholarships, sponsorships and other student loans, through a no-cosigner International Student Loan program.

All financial aid applicants will need to apply for student aid and submit the Fuqua EMBA Financial Aid Form for each academic year if financing their MBA for all Terms. Also, each Term has a loan disbursement date (federal regulations states that loan funds must disburse no earlier than ten days before the start of class, per Term). Our office provides these dates to the lender so that they may disburse funds directly to the University, appearing on your student Bursar account.

Concentrations, Electives, & Certificates:
Please note that financial aid (i.e. loans, scholarships, etc.) administered by Fuqua is only applied to the required Terms and costs associated with the MBA degree. Therefore, optional Terms and costs for concentrations, electives (that are not a part of the degree curriculum), and certificates (i.e. HSM Certificate) are not covered by any financial aid.
Estimated International Cost of Attendance (COA) and Eligible Loan Borrowing Amount

**Additional Considerations to Increase the Cost of Attendance**

Students must request these additional considerations in writing.

- **Computer Expense**: If you are interested in applying for student loans to help cover computer costs, and not using the Fuqua Managed laptop program, please provide us with a printout of the computer description and the estimated cost from a reputable site (i.e. Best Buy). Fuqua Managed laptops must be approved by the program manager. This increase to your cost attendance is up to $2,000.

- **Weekend Travel for Residencies (Airfare Expense - estimated $500 per weekend)**: Submit a copy of your itinerary from any online site (i.e. Travelocity, Orbitz, etc.) showing the departure/arrival dates and the estimated airfare. The itinerary should be for each Term within the respective academic year. Submit this request each academic year. We will only consider coach/economy class (not business economy or first class).

- **GATE Cost**: Students must be registered for the GATE program before requesting loans to cover the cost (estimated cost $5,000).

Please note that once we increase your borrowing eligibility by the airfare/computer expense, the funds for these expenses are typically disbursed in the first Term of the academic year. The loan amount will disburse to your student Bursar account to satisfy any outstanding balance. Subsequently, since the loan amount is expected to reflect as an overpayment (credit amount) on your student Bursar’s Office (billing office) will eventually issue a refund to you. The refund amount is what you will use to cover your airfare/computer expense.

Increase for Family Expense - Requests for budget adjustments are considered on a case-by-case basis.

**Dependent/Childcare Expense for Students who are**:

1. **Single Parents**: Up to a $1,175 (per month) allowance may be factored for certified Dependent/Childcare expenses per child.

2. **Married and Spouse is working or in school**: Up to a $588 (per month) allowance may be factored for certified Dependent/Childcare expenses per child. 
   *Note: Through federal student loan programs, we cannot consider the cost of childcare for a married student whose spouse is an at-home parent. However, if the student is borrowing a private student loan, then we may consider the cost of childcare when the spouse is an at-home parent.*

Please contact our office for details regarding the regulations and documentation required for a Dependent/Childcare allowance.

Statements and explanations provided by the student for immediate family expenses do not constitute supporting documentation for budget adjustments. Depending on the reason for the increase request, and in order for the Financial Aid Office to determine if an increase is allowable, students may be asked to submit additional supporting documents beyond those originally submitted. Per student’s request and depending on special circumstances, we may consider an additional of living expense increase up to 60% of the standard living expense allocation (This is only considered for Fuqua students whose spouse is living with them during their studies at Fuqua, not employed and not a student).

Non-Allowable Cost of Attendance Adjustments: Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum. Please Note: Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.
